

MAGNETIC TICKETS

Calmell's **magnetic tickets** division was launched **more than 40 years ago**. Throughout this period, Calmell has been involved in projects worldwide and has responded to the requests of the different clients, making **improvements to adapt the product** to the needs of any given time. That is why we are considered by end customers and system integrators, as a sturdy, reliable and proven quality supplier. In short, a **flagship supplier**.
